ABOUT

My name is Gabriel Mariano, I am 24 years old and I am from São Paulo. I am currently studying Systems Development and working as an intern in CRM automation software implementation, as well as providing services for a TOTVS-certified consulting company.

CAREER OBJECTIVE

To work as a Junior Developer, participating in the development and maintenance of systems using JavaScript, Python, Node.js, SQL, and frameworks such as React or Angular, aiming to continuously improve my technical skills, learn from the team, and contribute with practical solutions in daily activities.
